

# Disasters

- This is an event occurring suddenly and surprisingly which damages or impairs the ability to function normally.
- Internal may include power outages, loss of water, internal explosions, flooding, and bomb threat.
- External may be severe weather, fires, explosions at local refineries, airplane crash, civil disturbances, anything that would cause a large influx of casualties.

# Security

Security is everyone's responsibility

Security issues involve:

1. Access to sensitive areas
2. Parking
3. Suspicious Persons
4. Theft
5. Workplace Violence
6. Drugs

# Things to Do

- Always wear your name badge
- Be aware of surroundings
- Park in designated areas and NEVER leave valuables in open view
- Call for an escort to your car if you feel you need to
